## Executive Summary

The purpose of the *Ontarians with Disabilities Act, 2001 (ODA)* is to improve opportunities for people with disabilities and to provide for their involvement in the identification, removal and prevention of barriers to their full participation in their life in the Province. To this end, the ODA mandates that each Municipality prepares an annual accessibility plan.

This is a review of the original 2004 plan prepared by staff of the Town of Bruce Mines. The report describes the measures the Town has taken in the past and the measures the Town will take during the current year to identify, remove and prevent barriers to people with disabilities who use the facilities and services of the Town, including staff and members of the community at large.

This year the Town committed itself to identifying the barriers within the municipality and working towards continual improvement of access to municipal facilities including the electronic municipal web page ([www.brucemines.ca](http://www.brucemines.ca)), as well as the actual physical premises.

A working group will be identified. This working group will work with Council and staff to identify a number of barriers to people with disabilities.

## **Aim**

This report describes the first step in establishing a plan and will identify measures to be taken for the balance of 2020 and subsequent years to remove and prevent barriers to people with disabilities who utilize the facilities and services of the Town, including staff.

## **Objective of this Report:**

1. Describes the process which the Town of Bruce Mines will identify, remove and prevent barriers to people with disabilities.
2. Review earlier efforts to remove and prevent barriers to people with disabilities.
3. List the facilities, policies, programs, practices and services the Town will review in the coming year to identify barriers to people with disabilities.
4. Describe the measures the Town will take in the coming year (s) to identify, remove and prevent barriers to people with disabilities.
5. Describe how the Town will make this accessibility plan available to the public.

## **Description of the Town of Bruce Mines**

The Town of Bruce Mines would be best described as a rural northern Municipality, bordered by the Township of Plummer Additional, the Township of Johnson and Lake Huron.

The Town has a population of approximately 586. The town's municipal office is located at 9126 Highway 17 East, Bruce Mines, ON P0R 1C0. The town has several tourist attractions – Trailer Park, Simpson Mine Shaft and marina as well as many amenities: library, health centre, bank, Post Office, LCBO, grocery store, gas stations, restaurants, confectionaries, auto repair and body shops, insurance and law office.

## **Council Commitment to Accessibility Planning**

The Council of the Corporation of the Town of Bruce Mines is committed to:

- the continual improvement of access to all municipally owned facilities, premises and services for those with disabilities;
- the provision of quality service to all members of the community with disabilities;

The legislation requires that each municipality prepare an accessibility plan. Council has authorized the Clerk to prepare an accessibility plan that will enable Council to meet these commitments.

## **Informal Site Audit of the Municipally Owned Buildings**

An informal audit was conducted in the fall of 2020 of the municipally owned buildings for existing barriers. Solutions will be identified to remove such barriers to comply with the current legislation under the Ontarians with Disabilities Act.

An addendum will be added to this report and listed as Appendix “A”, with barriers, solution identified and a projected *time frame* for completion.

## **Barrier Identification Methodology**

In order to identify barriers, the following methodology will be used:

<i>Methodology</i>	<i>Description</i>	<i>Status</i>
A review of the community facilities followed by discussions of findings by the group.	A review will be done by staff, Council and selected members of the community to help identify any barriers at the Municipal Office, Hall, Fire Dept., Medical Centre, Shaft, Marina and Trailer Park	The next review will be completed by the end of 2020 and will be added to this document

## APPENDIX "A"

### Barriers Identified

<i>Barrier Identified</i>	<i>Type of Barrier</i>	<i>Strategy for Removal or prevention</i>
Website:	Communication	Council is prepared to update the website as per legislation however concern identified with cost
Municipal Hall:	Communication	no issues identified
Ways of communication to residents.	Communication	Website and newsletters will advise of alternative methods of communication upon request.
Simpson Mine Shaft	Architectural	Cost to make this site accessible makes it prohibitive. Closed in 2020.
Tax Bills are not designed to accommodate a sight-impaired person.	Communication	Based on the legislative requirements by the Province on the wording of the Tax Bills, council will review options upon request. The office provides a magnifying sheet for those visually impaired.
Chairs at Hall and Office are low for persons with difficulty getting up.	Physical	Town could purchase a few chairs that are higher to accommodate those finding regular chairs too low but no requests to date.
Campground: Ramp identified as required	Architectural	Ramps to shower building were to be built for 2020 camping season however doors were found to not meet requirement - funding needed as costly?

### Barriers Addressed in 2020

no barriers addressed

### Review and Monitoring of the Process

Council is committed to following through with this plan. This plan has been created and will be updated annually to allow Council, staff and the public to monitor the barriers identified and the direction to which the Town is moving to remove all barriers under the Ontarians with Disabilities Act.

## **Communication of the Plan**

This plan will be available on the web site as well as at the office and we will make every attempt to make it available to those with disabilities for their perusal and review. Should a copy of this plan be requested in an alternate format, Council will accommodate by having staff work with the person to find a solution and any associated cost.

## **Appendix 'A'**

Barriers that have been identified along with proposed solutions and projected time frame for elimination of barrier.

## **Appendix 'B'**

Directory of Canadian Disability Links
